

Looking for unmatched productivity, hydraulic power and versatility? FAE 300/SC Stump Cutter, the new attachment available for PrimeTech PT-300, is the ideal choice for land clearing operations as well as for right-of-way maintenance. Equipped with the quality and performance expected from FAE Group, the powerful attachment FAE 300/SC is rigged with a Danfoss hydraulic motor (51V250) and an aggressive cutting wheel consisting of 36 carbide teeth to power its way through stumps. The frame is designed to operate safely in all environments.

> FAE ATTACHMENT 300/SC
