

# UNDERCARRIAGE SOLUTIONS

We've partnered with **KTSU** to bring our customers one of the most comprehensive lines of rubber tracks and steel undercarriage components in the industry.

This strategic move affords us the ability to provide competitive pricing over those who are unable to purchase directly from the manufacturer.

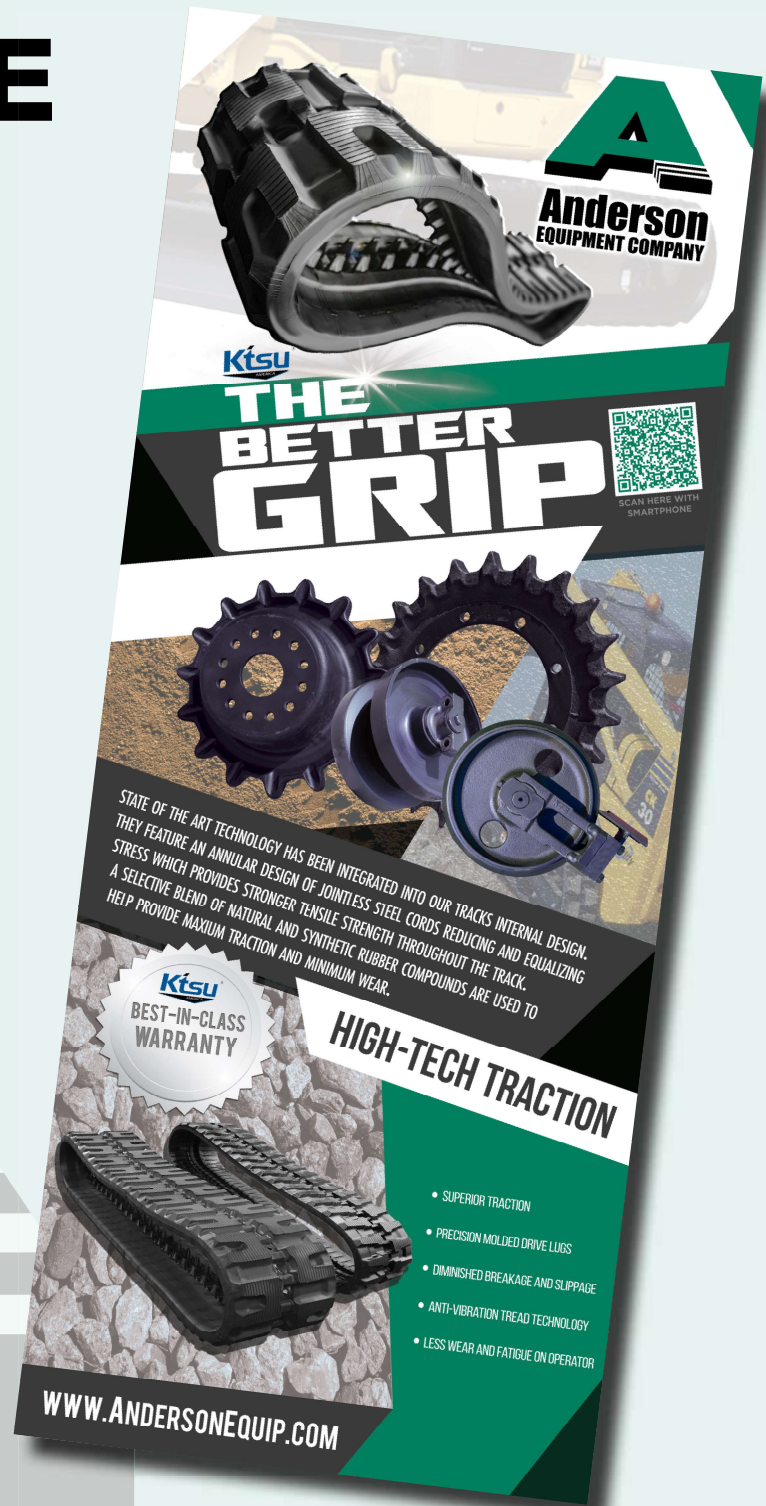

With only a handful of undercarriage manufacturers globally, **KTSU** built their reputation by supplying OEM's and premier aftermarket manufacturers with their private labeled product.

Now, they're our supplier of choice...

**KTSU** uses over 60 years of manufacturing experience to bring customers best-in-class tracks, rollers, idlers and sprockets that are backed by best-in-class warranty.

So, what can **Anderson Equipment** and **KTSU** do today to address your undercarriage needs?

## THE BETTER GRIP

SCAN HERE WITH SMARTPHONE

STATE OF THE ART TECHNOLOGY HAS BEEN INTEGRATED INTO OUR TRACKS INTERNAL DESIGN. THEY FEATURE AN ANNULAR DESIGN OF JOINTLESS STEEL CORDS REDUCING AND EQUALIZING STRESS WHICH PROVIDES STRONGER TENSILE STRENGTH THROUGHOUT THE TRACK. A SELECTIVE BLEND OF NATURAL AND SYNTHETIC RUBBER COMPOUNDS ARE USED TO HELP PROVIDE MAXIMUM TRACTION AND MINIMUM WEAR.

**KTSU**  
BEST-IN-CLASS WARRANTY

### HIGH-TECH TRACTION

- SUPERIOR TRACTION
- PRECISION MOLDED DRIVE LUGS
