MAXIMUM PROTECTION

Ask your local parts specialist about this exciting new program today! Subject to change or cancellation at any time.

ALL MAKES.

HYDRAULIC HOSE SPECIAL

Bring TWO (2) or more hydraulic hoses in for fabrication and receive a 10% discount!

Upon visually inspecting your machine during daily start-up/shut-down, pay close attention to chaffed, bubbling or dry-rotted hoses and take advantage of our hydraulic hose special to repair **BEFORE FAILURE!**

DID YOU KNOW that we use Gates® MEGACLEAN™ foam projectiles on every custom hose we build? These projectiles are 20-30% larger than the hose ID, which thoroughly cleans the hose from inside out, leaving nothing behind that could potentially contaminate your hydraulic system.

SAVE 10%!

MAXIMUM LONGEVITY

Contact your local service manager for details.

1. Click [HERE](#) to access online ordering.
2. Click “Login” at the top of the screen.
3. Click “Create New Account” on the right.
4. Fill the required info fields and click “Save Changes”.
5. Hover over “Parts” (along the top ribbon) and select the drop down option “Buy Parts Online”.
6. Enter one or multiple part numbers and click “Search”, then click “Add to Cart”.

FEATURES & BENEFITS

- You can enter multiple part numbers at once, copy and paste them from a spread sheet or paste them from Komatsu CSS into the box above the word “search”.
- The system will automatically lookup supersedures if you enter an old part number.
- The system will show you alternative parts, used parts and reman where available.
- The system will display availability for all parts so you can gauge how quickly you can get them.
- The system will find parts even if there are punctuation discrepancies with leading zeros, dashes, etc.
- If you are disconnected while creating an order, the system will remember what you had and everything will be there when you return to the site.
- If you are logged into your Anderson account when working on your order, the site will remember your order even if you subsequently access your account from a different computer.
- Your historical Ship-To addresses will be available on the Ship-To page so you can populate the Ship-To information with a single click.
- Under the “Parts” menu at the top of the web page, you will find a link to Customer Parts Order Inquiry which will show you the real time status of all of your parts orders including orders which were not entered through the Website.
- Under Parts/Customer Equipment or Service/Customer Equipment (which are two paths to the same page), you can see all of your equipment. Clicking on an Equipment line will take you to a page where you can find additional information about the machine including historical parts orders and work orders.
- You can re-order parts from prior parts orders or work orders.

Anderson Equipment Company was founded in 1935 by H.W. Anderson and his partner C.K. Burson. Used and rebuilt construction equipment comprised a large part of the firm's inventory in the late 1930's and new construction and mining equipment lines were steadily added over the years. Since its inception, the company has continuously broadened its sales and service territories in Western Pennsylvania. In 1979, Anderson expanded into West Virginia and has become the market leader in rotary drills. By offering customers outstanding equipment and superior product support, Anderson is now a key supplier to the largest mining operations in the state.

In 1996, Anderson acquired Rupp Rental and Sales in upstate New York. This strategic acquisition brought the capabilities of two family-owned companies together to offer increased products and services. The ownership of a rental company has enabled Anderson to become more aggressive in the rental market in Pennsylvania and West Virginia while expanding its sales expertise north into New York.

Anderson's third generation of family ownership demonstrated their commitment to growing the company via their acquisition of R.C.Hazelton of New Hampshire, Vermont and Maine in November 2009 followed by their acquisition of The Oliver Stores of Maine and New Hampshire in December 2012.

Anderson continues to refine its product lines and services to better serve our customers. The Hazelton and Oliver Stores acquisitions bring unmatched forestry expertise to Anderson's existing portfolio of construction, mining and road building knowledge. We have established a reputation for developing innovative solutions to specialized job site applications.

- New and used equipment sales
- Rent to rent
- Rent to buy
- Equipment leasing
- OEM Parts
- Authorized OEM

With 18 full service locations across Pennsylvania, New York, West Virginia, Maine, New Hampshire and Vermont, our infrastructure affords us the ability to seamlessly fulfill our customers' needs from Kentucky to Canada. Although Anderson Equipment Company has changed dramatically over the years, one characteristic has remained the same - its reputation for **Quality: people, products and services.**

QUALITY PEOPLE. QUALITY PRODUCTS. QUALITY SERVICE.
